

# PRODUCT CATALOG

Discover the Future of Industrial Automation with Bharat UniTech  
Welcome to the forefront of industrial automation solutions!  
Bharat UniTech proudly presents our comprehensive catalog of cutting-edge equipment and parts, designed to revolutionize your business operations with a focus on efficiency, productivity, and reliability. Explore our catalog and unlock the potential of automation to propel your business towards unprecedented success.  
Partner with Bharat UniTech and step into a new era of industrial automation excellence.

01

### Material Handling Equipment

Material handling equipment facilitates the movement, storage, and control of materials in various industries.

03 -  
04

02

### Pneumatics

A pneumatic system is a collection of interconnected components using compressed air to do work for automated equipment.

05 -  
08

03

### Hydraulic Components

A Hydraulic components are essential for power and control in hydraulic systems, using pressurized fluids. They include pumps, cylinders, valves, and other key parts for efficient operations.

09

04

### Chemical & Lubricants

Effortlessly dismantle structures using our non-explosive demolition agent for safe and efficient demolition. Ensure smooth operation and prolong machine life with our high-performance lubricants.

10

05

### Power Tools

Power tools are electric or pneumatic devices that offer quick and effortless task completion, making them essential in industries.

11

06

### Hand Tools

Hand tools are manual devices used for precise and controlled tasks in various industries. They offer portability and versatility in a wide range of applications.
