About us

"Your partner
for Life."

Bharat Unitech is a leading company specializing in the field of material handling equipment. With a strong presence in the industry, we are known for delivering high-quality products and solutions that cater to the diverse needs of our customers.

At Bharat Unitech, we offer a comprehensive range of material handling equipment, including but not limited to forklifts, pallet trucks, stackers, cranes, conveyors, and various other industrial machinery. Our extensive product portfolio is designed to meet the demands of different industries and applications, providing efficient and reliable solutions for material handling and logistics operations.

What sets us apart is our commitment to quality, innovation, and customer satisfaction. We adhere to stringent quality standards in the manufacturing process, ensuring that our equipment is robust, durable, and performs optimally in various environments. We also stay up-to-date with the latest technological advancements, incorporating advanced features and intelligent solutions into our products.

Our Vision

At Bharat Unitech, our vision is to redefine the future of material handling. We are committed to providing innovative solutions that empower businesses to optimize their operations, streamline processes, and enhance productivity. Our vision is to be the trusted partner of choice, delivering cutting-edge material handling equipment that is reliable, efficient, and sustainable. We aim to revolutionize the industry by incorporating advanced technologies, ergonomic designs, and intelligent solutions that enable seamless movement of goods and materials. With a customer-centric approach, we strive to exceed expectations, build long-lasting partnerships, and contribute to the success and growth of our clients. Together, let's shape the future of material handling and unlock new possibilities in logistics and supply chain management.

Why choose us?

At Bharat Unitech, we firmly believe that we are the ideal choice for your material handling equipment needs. Here are several reasons why choosing us would be advantageous:

Extensive Experience: With years of experience in the industry, Bharat Unitech has established itself as a reliable and trusted provider of material handling equipment. We have a deep understanding of customer needs and industry requirements, allowing us to deliver solutions that meet and exceed expectations.

Wide Range of Products: We offer a comprehensive range of material handling equipment, including but not limited to forklifts, pallet trucks, stackers, cranes, and conveyors. Our diverse product portfolio ensures that you can find the right equipment for your specific application and operational requirements.

Quality and Reliability: At Bharat Unitech, we prioritize quality and reliability. Our equipment is built to stringent standards, ensuring durability, longevity, and optimal performance. We source components from trusted manufacturers and conduct rigorous quality control to deliver products that you can rely on.

Customization Options: We understand that every business has unique requirements. That's why we offer customization options for our material handling equipment. Whether it's adjusting load capacities, modifying dimensions, or incorporating specific features, we can tailor our solutions to fit your exact needs.

Technological Advancements: We stay at the forefront of technological advancements in the material handling industry. Our equipment incorporates innovative features and technologies that enhance efficiency, safety, and productivity. By choosing Bharat Unitech, you gain access to the latest advancements that can give you a competitive edge.

Dedicated Customer Support: Our team is committed to providing exceptional customer support. From pre-sales consultations to after-sales service and support, we are here to assist you at every stage. We value long-term relationships with our customers and strive to ensure your satisfaction throughout your journey with us.

Commitment to Sustainability: Bharat Unitech is committed to sustainability and eco-friendly practices. We actively seek ways to minimize the environmental impact of our operations and products. By choosing us, you align with a company that values sustainability and contributes to a greener future.

Choose Bharat Unitech as your material handling equipment provider and experience the benefits of quality products, customized solutions, advanced technologies, and exceptional customer support. We are dedicated to your success and look forward to serving your material handling needs.

HAND PALLET TRUCK

Our Hydraulic Range are designed to handle a specific load capacity, typically ranging from a few hundred kilograms to several tons. The load capacity is an important consideration when selecting a pallet truck to ensure safe and efficient operations.

Where to use: Warehouses and Distribution Centers, Retail Stores, Manufacturing Facilities, Delivery Services and Couriers, Freight & Logistics, Hotels and Hospitality, Construction Sites & Outdoor Events and Festivals.

Item	Hydraulic Hand Pallet Truck
Model	HHPT251150550 / HHPT251220685
Capacity	2500Kgs
Size	1150x500mm / 1220x685mm

Item	Hydraulic Hand Pallet Truck
Model	HHPT301150550 / HHPT301220685
Capacity	3000Kgs
Size	1150x550mm / 1220x685mm

Item	Hydraulic Hand Pallet Truck
Model	HHPT401200550
Capacity	4000Kgs
Size	1200x550mm

Item	Hydraulic Hand Pallet Truck
Model	HHPT501150550
Capacity	5000Kgs
Size	1150x550mm

Item	High Lift Pallet Truck
Model	HLPT101150550
Capacity	1000Kgs
Size	1150x550mm

Item	Hydraulic Reel Lifter
Model	HRLT251150550
Capacity	2500Kgs
Size	1150x550mm

Item	Mini Hydraulic Hand Pallet Truck
Model	MHHPT25800550
Capacity	2500Kgs
Size	800x550mm

MANUAL PALLET STACKER

are versatile tools that can be used in a range of applications and industries. They are commonly employed in warehouses, storage facilities, workshops, and retail environments for lifting and moving loads, stacking pallets, and organizing inventory.

Where to use: Warehouses and Distribution Centers, Retail Stores, Manufacturing Facilities, Workshops, Construction Sites, Retail Warehousing and E-commerce, Event Management and small-scale Storage Facilities.

Item	Manual Pallet Stacker
Model	MPS051600
Capacity	500Kgs
Lifting Height	1600mm

Item	Manual Pallet Stacker
Model	MPS101600
Capacity	1000Kgs
Lifting Height	1600mm

Item	Manual Pallet Stacker
Model	MPS201600
Capacity	2000Kgs
Lifting Height	1600mm

ELECTRIC STACKER & EPT

Electric Stacker & EPT provide a powerful and efficient solution for lifting and moving loads in various industries. They are valued for their ease of operation, reduced physical strain on operators, and improved productivity.

Where to use: Warehouses and Distribution Centers, Retail Stores, Manufacturing Facilities, Workshops, Construction Sites, Retail Warehousing and E-commerce, Event Management and small-scale Storage Facilities.

Item	Semi Electric Stacker
Model	SES101600 / SES103000 / SES103500 SES151600 / SES153000 / SES153500
Capacity	1000Kgs / 1500Kgs
Lifting Height	1600mm / 3000mm / 3500mm

Item	Fully Electric Stacker
Model	FES103000 / FES103500 FES153000 / FES153500
Capacity	1000Kgs / 1500Kgs
Lifting Height	3000mm / 3500mm

Item	Electric Pallet Truck
Model	EPT10200 / EPT15200
Capacity	1000Kgs / 1500Kgs
Lifting Height	200mm

SCISSOR LIFTS

are a versatile hydraulic-powered platform that is used to elevate workers, tools, and materials to different heights. It consists of a mechanism with crisscrossing supports, resembling a scissor, which extends and retracts to raise and lower the platform.

Where to use: Construction and Building Maintenance, Warehouses and Distribution Centers, Facility Maintenance, Retail Environments, Events and Entertainment Industry, Municipal and Public Sector, Airports and Aircraft Maintenance.

Bharat Unitech specializes in customizing scissor lifts to meet your specific needs. Whether you require a scissor lift with specific platform dimensions, increased load capacity, or unique features, we have the expertise to design and manufacture a tailored solution. Our customized scissor lifts offer reliable performance, enhanced safety features, and optimized functionality, ensuring efficient and safe operations at elevated heights. With Bharat Unitech, you can expect high-quality craftsmanship, attention to detail, and a commitment to delivering scissor lifts that exceed your expectations. Experience the convenience and precision of a custom-designed scissor lift from Bharat Unitech.

Item	Mobile Scissor Lift
Model	MSL500
Capacity	500Kgs
Lifting Height	16Mtr

Item	Hydraulic Lift Table Truck
Model	HLTP300 / HLTP500
Capacity	300Kgs / 500Kgs
Dimension	810x500x900MM

DRUM EQUIPMENT

Drum handling equipment is essential in industries where drums are commonly used, such as chemical manufacturing, oil and gas, food processing, pharmaceuticals, and more. They improve workplace safety, reduce manual labor, and enhance operational efficiency by providing reliable and specialized solutions for drum handling tasks.

Where to use: Chemical Manufacturing, Oil and Gas, Food Processing, Pharmaceuticals, Manufacturing and Warehousing, Logistics and Distribution, Recycling and Waste Management.

Item	Drum Palletizer
Model	DPZ350
Capacity	350Kgs
Dimension (LxBxH)	905 x 1270 x 1116mm

Item	Drum Tilter & Mover
Model	DTM300
Capacity	300Kgs
Lifting Height	450mm

Item	Drum Tilter & Stacker
Model	DTS352385
Capacity	350Kgs
Lifting Height	2385mm

DOCK LEVELER

dock leveler is to create a level and stable surface that connects the dock and the truck, enabling easy movement of goods with minimal effort. This eliminates the need for manual lifting or using ramps, reducing the risk of accidents and improving productivity.

Where to use: Loading & Unloading, Warehouses and Distribution Centers, Retail Stores, Manufacturing Facilities, Workshops, Construction Sites, Retail Warehousing and E-commerce, Event Management and small-scale Storage Facilities.

Item	Dock Leveler
Model	DL10T
Capacity	10 Tonne
Dimension (LxBxH)	2200x11500mm

HYDRAULIC FLOOR CRANE

Floor cranes provide a flexible and mobile solution for lifting and moving heavy loads in various industrial and commercial settings. The ease of use make it an essential tool for tasks that require efficient and controlled lifting without the need for a fixed overhead crane.

Where to use: Maintenance and Repair Operations, Warehouses and Distribution Centers, Facility Maintenance, Workshops and Manufacturing Facilities, Municipal and Public Sector, Airports and Aircraft Maintenance, Automotive Industry,

Item	Floor Crane
Model	FC1000
Capacity	1000Kgs
Lifting Height	2000mm

INDUSTRIAL SKATE

Industrial Skate is a specialized tool designed for shifting heavy machines or equipment with ease and efficiency. It is typically used in industrial settings where there is a need to relocate heavy machinery or equipment within a facility or for transportation purposes. Cargo trolleys consist of a sturdy platform with multiple wheels or rollers that allow for smooth and controlled movement of heavy loads.

Where to use: Heavy Machine Shifting, Machine Movement, Manufacturing Plant, Heavy Goods Movement, Heavy Machineries repairing and Relocating Machines.

Item	Industrial Skates
Model	IS6MT / IS15MT
Capacity	6000Kgs / 15000Kgs
Size	43 x 32 x 12cm

ARIEL MAINTENANCE LIFT

Aerial Maintenance Lifts offer efficiency, safety, and convenience, enabling workers to carry out tasks at height with ease. They enhance productivity, minimize downtime, and contribute to a safer working environment.

Where to use: Construction Sites, Industrial Facilities, Warehouses and Distribution Centers, Manufacturing Plants, Facilities Management, Outdoor Maintenance, Entertainment and Event Industry, Electrical and Telecommunication Services.

Item	Ariel Maintenance Lift
Model	AML200 / AML250 / AML350
Capacity	200Kgs / 250Kgs / 350Kgs
Working Height	15.7Mtr / 11.7Mtr / 9.2Mtr

FORK LIFT ATTACHEMENTS

Drum handling equipment is essential in industries where drums are commonly used, such as chemical manufacturing, oil and gas, food processing, pharmaceuticals, and more. They improve workplace safety, reduce manual labor, and enhance operational efficiency by providing reliable and specialized solutions for drum handling tasks.

Where to use: Chemical Manufacturing, Oil and Gas, Food Processing, Pharmaceuticals, Manufacturing and Warehousing, Logistics and Distribution, Recycling and Waste Management.

Item	Fork Lift Extensions
Model	FLE1500165
Capacity	1500Kgs
Size	1500x165mm

Item	Fork Lift Rotator
Model	FLR360
Carriage Width	1040mm
Rotation Angle	360 Degree

Item	Fork Lift Double Drum Handler
Model	FLDDH720
Capacity	720Kgs
Drum Size (Gallons)	2 x 30 or 55

PALLETS

Pallets play a crucial role in modern logistics and material handling operations. They offer efficiency, convenience, and improved safety by providing a standardized platform for the movement and storage of goods. Whether in warehouses, manufacturing facilities, or transportation networks, pallets are an integral part of supply chains worldwide.

Where to use: Warehouses and Distribution Centers, Manufacturing and Production Facilities, Retail Stores and Supermarkets, Transportation and Logistics, Construction Sites, Agriculture and Farming, Export and Import.

Item	Plastic Pallet
Model	PP3000
Capacity	3000Kgs
Size	1200x1000x150

Item	Wooden Pallet
Model	WP1200
Capacity	1200Kgs
Size	1200x1000x150

Item	Mils Steel Pallet
Model	MSP3000
Capacity	3000Kgs
Size	1200x1000x150

HAND TROLLEY

is a portable device with wheels and a platform, designed for easy movement and transportation of goods. It reduces physical strain and increases efficiency in handling heavy or bulky items in various industries and settings.

Where to use: Warehouses and Distribution Centers, Retail Stores, Manufacturing Facilities, Delivery Services and Couriers, Hotels and Hospitality, Residential Moves and Relocations, Construction Sites & Outdoor Events and Festivals.

Item	Platform Trolley Mild Steel
Model	PTMS150 / PTMS300 / PTMS500 / PTMS1000
Capacity	150Kgs / 300Kgs / 500Kgs / 1000Kgs
Material	Mild Steel

Item	Platform Trolley Fiber
Model	PTF150 / PTF300 / PTF500
Capacity	150Kgs / 300Kgs / 500Kgs
Material	Fiber

Item	Drum Trolley
Model	DT300
Capacity	300Kgs
Material	Mild Steel

Item	Double Wheel Barrow
Model	DWB200
Capacity	200Kgs
Cart Size	56D x 129W x 54.5H cm

Item	Single Wheel Barrow
Model	SWB200
Capacity	130Kgs
Cart Size	23x78x62 cm

Item	Hand Tools Trolley
Model	HTT07 / HTT05
Capacity	45Kgs
Drawer	7 / 5 Drawer
